## THE PRESIDENT'S MESSAGE

Greetings! I hope you are doing well as we approach the midpoint of 2018 and as we near Memorial Day, a day of special meaning, a day of remembrance and reflection. Memorial Day is observed every year on the last Monday of the month of May. It also marks the unofficial start of the Summer season.

In the late Spring and early Summer during the early years of this nation, many families and especially women would decorate family grave sites, of those family members who died in a war, with plants and flowers. As the practice increased in popularity, it became known as "Decoration Day". The name "Decoration Day" lasted until after World War II.

Although many towns in many states claim they were the very first Memorial Day, it was determined that Waterloo, New York was in fact the very first to celebrate Memorial Day. In 1966, President Johnson signed a proclamation naming Waterloo as the original Memorial Day site. Congress then followed making the last Monday in May the official day.

On another matter, we can still use your assistance in volunteering as Executive Board Members, Officers, Committee Chairpersons. Please contact our Nominating Chairperson, Sandra McGrath 302-537-7709 for further information. This is **YOUR** organization. We need you to step up to the plate with your support and participation. If you wish to do something but don't have a clue as to how you can help, let us know and maybe we may be able to find an area where you can be of service.

In closing, Helen and I wish everyone a safe and happy Memorial Day. If traveling that weekend or anytime, please drive carefully.

Chris

## LOVE ANIMALS? LOVE THE ZOO?

The Salisbury, Maryland Zoo will come to us on June 19 at the Cripple Creek Golf and Country Club. We will enjoy a lively **Zoo2U** presentation of three "Education Animal Ambassadors". We are hoping for a bird, a mammal and an amphibian. The zoo educators will tell us about each animal's natural habitat, any adaptations that it has, it's diet, and any conservation issues.

The Zoo was founded in 1954 and encompasses 12 acres and over 100 animals. Most of the species are from North America, South America and Australia and are housed in naturalistic enclosures. Have any questions about the zoo and it's other animals? Bring them with you. The Salisbury Zoo is a wonderful park-like place to visit, has free admission and convenient parking ensuring a lovely day out.

**Please remember to wear your name tag to the luncheon/meeting. If you do not have a name tag, contact Linda Miller (236-5570).**

## COMMITTEE ACTIVITIES

### Legislative/Environmental -Chuck Schonder

#### **HB348 Grandfathered Seniors with 3 years residency by 1/1/18 for the Senior Property Tax Credit!**

I want to thank those who joined us for our second annual AARP Day at Legislative Hall and presented our legislation to Sussex County Legislators. Your work has already made a difference in the lives of fellow seniors in Sussex County. We accomplished one of our two legislative goals, thanks to your help. We can't stop now. Our other legislation Share the Care Act which allows home health aides to administer medication in the house as forty other states allow is in the draft stage and will be introduced as a bill soon. You can join us to help family care givers reduce their costs and keep their love ones at home out of institutions. Join us when we call for you to contact your legislator to pass the Share the Care Act and help the family caregivers.

#### **4/19/18 – AARP Day at the Legislative Hall**

South Coastal AARP Lobbyists had an excellent day!! We started with a briefing by Sheila Grant, AARP Delaware Associate Director for Advocacy, in the largest meeting room on the first floor of the Governor's Building (with pastries). We later took over the House Chamber for an Awards Ceremony for last year's sponsors of our successful Care Act. Later in the day, Mary Louise Embrey again gave testimony for our new legislation in a private session with the Governor. We took a lunch break in the legislators' cafeteria, compliments of state AARP.

Our four teams of lobbyists then spread out to our assigned Sussex County Legislators with our personal testimony. We were very well received by our legislators, who, in many cases expressed their support for our new Share the Care Act and our Amendment to House Bill 268, The Senior Property Tax Credit amendment, which would leave the residency requirement of three years unchanged.

#### **4/22 – 4/25/18 AARP National Advocacy Summit – Washington D.C.**

Approximately 350 AARP leaders from across the country attended the summit. There were two

groups – the first group was composed of State Presidents and State Directors brought in to lobby Congress on the (SNAP) Supplemental Nutrition Assistance Program. The second group composed of approximately 150 Associate Directors for Advocacy, including (Del – Sheila Grant) and myself, attended six 75-minute break out sessions designed to share ideas and get to know national staff. Our Delaware delegation was made up of our state president, Associate Director, Sheila Grant; Associate Director, Carlos de los Ramos; and Chuck Schonder. Our national organization is moving away from the one-size-fits-all approach. The state level is being recognized as a collaborative network to develop and deliver programs that reflect the needs and concerns of local audiences.

### Scholarship - Ida Crist & Shirley Price

For the first time South Coastal DE AARP gave three \$1,500 to three seniors at Indian River High School (IRHS). The winners were announced at an awards ceremony at the school May 23. This was one more scholarship than last year.

The winners are Priya Patel, Samantha Whelen and Kennedy Butch.

Priya’s goal is to be a physician; Samantha’s goal is to be an elementary school teacher; and Kennedy’s goal is to enter the medical field. Priya and Kennedy will attend the University of Delaware in the fall. The U of D is one of four schools that Samantha is considering.

Each year the Scholarship Committee awards scholarships to IRHS students based on academic record, participation in extracurricular activities and an essay about short-term and long-term goals.

In addition, this year we will give three scholarships to Delaware Technical and Community College adult students who are 25 and older. Two of those scholarships go to nursing students. The school will choose the recipients of those awards, which they will announce at a later date.

Thank you to those members who helped evaluate the IRHS student applications.

## CarFit for Older Drivers

**CarFit** is an educational program sponsored by AAA, AARP, and AOTA that offers older adults the opportunity to check how well their personal vehicles fit them. The CarFit program also provides information and materials on community-specific resources that could enhance their safety as drivers, and/or increase their mobility in the community.

Older drivers are often the safest drivers in that they are more likely to wear their seatbelts, and less likely to speed or drink and drive. However, older drivers are more likely to be killed or seriously injured when a crash does occur due to the greater fragility of their aging bodies.

Driver safety programs improve adult driver safety by addressing cognitive abilities and skills; however, older drivers can also improve their safety by ensuring their cars are properly adjusted for them. A proper fit in one's car can greatly increase not only the driver's safety but also the safety of others.

Three quick examples underscore the importance of road safety to the CarFit program, which reviews twelve key areas of the driver's fit to the personal vehicle.

**Example one:** Knowing how to properly adjust one's mirrors can greatly minimize blind spots for drivers who may wish to change lanes.

**Example two:** Good foot positioning on the gas and brake pedals is important. If the driver is reaching with his or her toes to press on the pedals, it can cause fatigue in one's leg and also slow reaction times.

**Example three:** Drivers run a risk of serious injury if they are sitting closer than 10 inches to the steering wheel.

At a CarFit event, a team of trained technicians and/or health professionals work with each participant to ensure they "fit" their vehicle properly for maximum comfort and safety. A CarFit check takes approximately 20 minutes to complete
